## Noise And Zoning Up For Action At South Bay Council

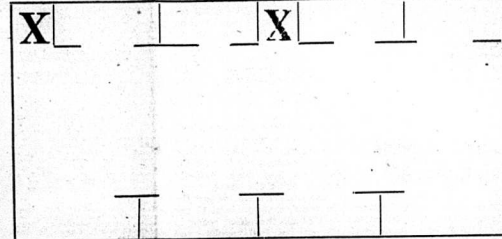

Second and final reading of two major ordinances for the City of South Bay are expected to be read at tonight's city council meeting after the measures received first-reading approval at the June 18 meeting.

One ordinance, dealing with the zoning map and accompanying regulations, has been the subject of considerable controversy and discussion between the council and the city's planning board. The measure had been tabled twice before in previous meetings.

A second ordinance deals with anti-noise regulations and among other things prohibits sound of music amplifiers from sound of music amplifiers from a. on each day of any week except if the loudspeaker can't be heard past the property lines from which it emits.

At the June 18 meeting councilmen tabled a street lighting plan and it was expected that the matter would be taken up again tonight. The council will receive bids from Negro caterers to furnish meals for the city.

Councilman Ray Sullivan and Henry Elfers were appointed June 18 to obtain a suitable award for the master Baptist dedication of (S. J.) Fisher Memorial Park. The SR 89 park, de-

HERE IS A DIAGRAM DEPICTING two methods of parallel parking. At the top of the diagram the lines indicate the manner in which Avenue A has been painted with yellow markings. It's known as "paired" parallel parking. At bottom is a typical section of a street marked for another style which is NOT IN USE. The "X" markings between the two 20-ft. spaces provided for parking is NOT TO BE USED FOR PARKING. This eight-foot "buffer" allows vehicles more ease in parking or leaving a stall. The "old" style of markings (shown at the bottom of the diagram) allows no extra space for easier parking in NOT BEING USED. The city announced that the plan at the top works best when motorists park within the 20-foot zone without "sticking over" into the "X" marked lines. At a 30-day period, parking tickets will be issued when cars are not properly parked in the lanes as painted on streets.

## Parallel Parking On Ave. A Now Under New Plan

Belle Glade's new look in parking went into effect last Sunday after city workmen painted lanes for the new paired parallel parking plan on Ave. A according to City Manager C. B. Talmadge. The action was taken at the June 24 city commission meeting to change the parking scheme to allow better movement of traffic on that street.

The new motion, as reported in The Herald last week brought the council into unanimous agreement after they split 3-2 on an earlier plan for paired parallel parking with one-way streets.

The only feature of the new action, according to the motion, was a one-way east turn for South Canal St. (No. 1) on N. W. 2nd St. to Main St. No left turns for northbound Main St. traffic onto Canal St. will be allowed. No parking on the west side of N. W. 2nd St. will be permitted and angle parking on the east side of the street will be effective as soon as the city obtains proper street signs to designate the changes according to Talmadge.

Manager Talmadge made it clear that motorists should be educated to the fact that they must park their cars within the yellow lines provided on the streets and that they should refrain from leaving their vehicles parked in all or a part of the eight-foot buffer zone marked with a large "X" on the streets. (See diagram this page.)

The police chief has been asked to assign patrolmen the task of advising those who park on Ave. A about the proper way to parallel park for a 30-day period. After that, parking tickets will be issued.

## Sonic Booms Not So Distant Here

A supersonic test flight across Florida Thursday by a B-58 Hustler bomber from Eglin Air Force Base accompanied by two F-104 Starfighters and a W-10B Voodoo intercepter caused sonic booms in the Glades area as the planes flew at high altitudes across the southeast edge of Lake Okechobee.

According to an Associated Press report, the planes left Eglin AFB about noon and flew over the Gulf of Mexico to the vicinity of the Florida Keys before turning northeastward in direction and heading toward the Atlantic near Ft. Pierce.

According to the Force the sonic booms (caused when the planes fly faster than sound) through the atmosphere were heard as distant claps of thunder. According to local reports, the booms were anywhere from 10 to 20 miles away.

The Air Force did not disclose the nature of the training flight, however, two similar flights across south Florida have been flown.

## Herbert Beck Heads Rotary For 1959-60

Herbert D. Beck, Belle Glade attorney, takes over as president of Belle Glade Rotary Club tomorrow, Friday, July 3. Beck is a charter member of the local club.

He has served on all important committees and succeeded to the presidency from all lesser offices.

Rotary committees will be announced later by President Beck.

Building valuations at South Bay for the month of June totaled \$20,863 for six homes according to town hall records.

An increase in the number of new homes being built at South Bay was noticeable during the past month, and city officials anticipate an even greater increase in the near future.

## Fourth Of July Program Features 49-Star Flag Here

A special Fourth of July program will be held at Belle Glade Municipal Park at 10:30 Saturday morning when a Girl Scout troop from Belle Glade raises the city's first 49-star flag in conjunction with the similar 49-star flag taking place at the exact moment near Pike's Peak, Colo. at the Second Girl Scout National Roundup.

A delegation of Girl Scouts from Alaska will raise the 49-star flag at Denver at 9:30 Denver time at the national meeting, and similar ceremonies have been arranged all over the U. S.

Pat Fishler, daughter of Mr. and Mrs. Don Fishler, Belle Glade, will raise the flag after a color guard of Boy Scouts lowers the 48-star flag.

The city of Belle Glade has obtained three 49-star flags. One for the park, one at the water plant and one for the city hall, according to City Manager C. B. Talmadge.

Miss Fishler was selected for the important part of the ceremony since she was a resident of Oregon, as close to an Alaskan as the Belle Glade Girl Scout Neighborhood Association could find.

All civic organizations are invited to participate in the ceremony.

## Kimberly Sets New Course Record

Roy Kimberly, young pro at Belle Glade Municipal Golf Course set a new record for the nine hole course when he shot a 29 Sunday for a seven under par.

Kimberly returned Sunday from Rhode Island on Naval Reserve Training for two weeks, playing golf only once in that time, when he made the spectacular score.

Others playing when he made the five birdies and one eagle in his score of 29, were Hagan Power, Doc Van Landingham, Jack Gorham and Bob Davis.

## Aerial Dusting Is Ordered In City's Mosquito Fight

Aerial dusting for the city of Belle Glade in round two of a battle with mosquitoes took place yesterday afternoon after the city's efforts to control mosquitoes and other gnats and insects by ground spraying techniques.

## Spray And Pray Only Answer For Ranchers' Plight

City Manager C. B. Talmadge made the announcement late on Tuesday afternoon by saying that Southern Express, Miami, would spray the city with liquid malathion provided by the Palm Beach County Mosquito Control. The firm has also been used at Ft. Lauderdale and Miami.

The Miami firm was called in after a Federal Aeronautics Administration official refused to grant a waiver for a single-engine crop duster to do the job. Red Lines, Belle Glade crop duster, told The Herald that recent rulings by that federal agency prohibited single-engine dusters over the city for dusting purposes. He had to use the job spray because the regulation was passed.

Talmadge acknowledged the alarm, from various persons, notably the Chamber of Commerce which directed criticism at the city for its lack of a step-by-step program as the mosquitoes got worse.

Several "oldtimers" at Belle Glade brought out the fact that the city utility tax was imposed specifically to raise funds to spray and dust for insects.

A check of the city's records and The Herald's files disclosed that the original order by the town council before World War II was passed.

## Post Office Will Close For July 4

Postmaster General Arthur E. Summerfield announced today that post offices throughout the nation will be open the usual hours and normal delivery service will be maintained on Friday, July 3, although most other Federal Employees will be excused from duty on that day by Executive Order of the President.

George P. Farnall, local postmaster, has announced, however, that the office will be closed on Saturday, July 4, and there will be no delivery service on that day. Mail will come in and go out as usual, special delivery matter will be delivered, mail will be boxed, but there will be no other service on July 4, he concluded.

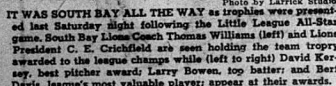

Postal employees who do not observe the holiday are paid off because of the July 4 holiday falling on Saturday and who are not excused on Friday, will receive a compensatory workday holiday some time during the fiscal year beginning July 1, Mr. Summerfield said.

## Market Receipts \$83,978 Monday

Receipts at the June 29 Glades Livestock Market were \$83,978.75 for 715 cattle compared to \$84,717.70 for 643 cattle the previous week, according to the weekly market report.

Sixtyfour percent of the offering went as steers. Slaughter prices for steers and calves were steady, heifers few and weak, cows and bulds steady to 50 cents lower.

Stocker steers and calves were steady compared to a week ago, heifers \$1.00-1.50 lower and cows steady to \$1 lower.

## All-Stars Edge South Bay Lions 6-5 In Final Night Of League Action

Glades Little League finished their season play and an All-Star game last week, and award were presented to winners during a short ceremony Saturday night at the Belle Glade baseball diamond.

With the exception of the fact that the South Bay Lions team had the top position all season and were never in any trouble, the other positions were sharply contested.

South Bay's team, coached by Thomas Williams and supported almost fanatically by South Bay fans, reversed itself this year. They were tied for last place in the league last year. Their 14-1 record accounted for not only the league's number one spot but the pitching and batting crowns as well.

Friday night Belle Glade Lions knocked over Charlie's Standard 10-1, on a no-hitter by Arce Salvatore, to take second place. Rotary stopped the Jaycees 3-1 in a seven-inning thriller to hold onto third place.

Charlie's Standard finished fourth, Sealeast fifth and Jaycees last.

Awards Night: All-Star game followed by the award of the winning team trophy to C. E. Crichtfield, Lions Club president, by Media: Williams, league president.

Williams also presented the most valuable player award to Bert Davis, South Bay pitcher.

## New M. D. July 1 At Glades Clinic

Dr. Hoke Shirley, Jr. will be associated with Dr. Roy W. Brown at Glades Medical Clinic beginning July 1, according to information received this week from the clinic.

Dr. Shirley, son of Rev. Hoke Shirley, Sr., who for several years was pastor of First Baptist Church, Pahokee, received his A.B. degree in History and Political Science from Stetson University, Deland, where he took his pre-medical training.

He attended medical school at Tulane University, New Orleans, La., where he obtained his M.D. degree and served his internship at Jackson Memorial Hospital, Miami.

Dr. Shirley is a native of Georgia but has made Florida his home for the past 17 years having lived at Ocala, Ft. Lauderdale and Pahokee. He was graduated from Ft. Lauderdale High School.

Mrs. Shirley, is the former Sarah Greenwood, Miami, received an A.B. degree in Elementary Education from Stetson and has taught at New Orleans and Miami public schools.

The Shirley family has two children, Don III, three years old, and Kathy, six months. They will reside at 654 S.E. 5th St.

## Local Man Contributes Flexibility And Economy To Vegetable Packaging

An automatic machine for packaging leafy, or root vegetables, including potatoes, corn, and celery in polyethylene tubes, of from 2 to 6 1/2 inches in diameter and of any length, has been invented by Mr. Wm. Woods of the P & W Manufacturing Co., here, and will be shortly offered to the nation's vegetable farmers, and other potential users.

In these days of modern retailing of foodstuffs where the housewife likes to see just what she's buying and is enticed by attractive display, re-packaging of vegetables is becoming a part of the distribution problems of growers of winter vegetables.

The original machine built by Luckoff Pratt of Milwaukee, according to Mr. Wood's design has been shipped to the manufacturer to be completed and the machine has been shipped to the manufacturer for in-line production.

The machine uses flat polyethylene on a roll of the width required by the covering of the

## Glades Ramie Harvest Got Underway Last Week At Canal Point Fields

The 1959 ramie harvest season started this week at Ramie Plantation of Pierce Florida Ramie, Inc. near Canal Point. Highlighting this season's operations are two new ramie processing machines.

The new machines, a harvester and a cleaning machine, were developed by William L. Pierce, engineer and a member of the Board of Directors of Pierce Florida Ramie, Inc. It is estimated that these machines will reduce the time in harvesting ramie about 50 per cent.

The harvesting machine has many outstanding features over the older model. It is self-propelled with a rotary cutting blade. A unique tilt wheel at the front most of the ramie grows up of the ramie stalk as it is cut by the rotary blade. The simplicity of this compact harvester by itself in less adjustments and repairs and operates at a faster speed than the older type. It is a two man operation.

Commercial operation of the new cleaning machine will take place for the first time this season, also. It is a further improvement over last year's model which was used to revolutionize the ramie industry. It cleans the fibre extreme, by well and at the same time keeps the fibres straight and parallel for cutting into even lengths or "staples." As to the old model, it is possible to spin the ramie fibre on high speed American equipment. In the most of the ramie grow-

### Miami Attorney Speaks About Cuba To Rotarians Here

"To the average Cuban, Fidel Castro has been the Great Emancipator, a symbol of return to the rights of the citizen, good government through democratic choice," Nestor Morales, a graduate of Key West, a graduate of the U. of Fla., and a practicing attorney of Miami, told Rotarians Friday.

"However," the attorney continued, "Mr. Castro's principal activities since coming to political power in Cuba, bring doubt to the minds of many. He began by deliberately antagonizing Americans, to whom Cubans owe so much for advanced standards of living; he has announced the expropriation of lands to be given to the general populace, he has seriously interfered with normal trade channels by restrictions of payment in US dollars; his announced plans lead one to the inevitable conclusion that socialism will nudge communism as the official thinking of the government."

"The Cuban people are liberty loving and peaceful inclined; they do not think in the terms of war, and many believe they will resent any movement towards that line of thinking."

"Cubans are warm-hearted, emotional and good neighbors, and we can be sure that while it might take time and maybe more disputes, reactions to a new government, but our Good Neighbor to the south will emerge a strong and influential nation."

**Lake Shore Program**

Enrollment at Lake Shore's summer recreation program reached 300 last week and more children were expected to join the fun with softball, arts and crafts and music and quiet games included in the program.

Joseph Perry, a director, said that schedule: Bryant (three) July 9 Rosenwald and July 14 Okeechobee, both at Lake Shore.

**Attends ROTC Training**

Napoleon Rhodes, Belle Glade student at Florida A & M University, was among the approximately 1,500 cadets from 35 colleges and universities in six southeastern states and Massachusetts and Puerto Rico reporting to the 1959 Fort Benning ROTC Summer Camp Saturday, June 20.

The cadets will be organized into companies and battle groups and have an opportunity to serve in leadership positions from battle group commander to equal leader. They also will receive assignments to various housekeeping and mess duties so they will understand the requirements of a soldier. Their program, which ends July 31, includes an opportunity to participate in recreational, social and religious activities while in camp.

Rhodes is the son of Mrs. Cleo Rhodes, 841 S. W. Ave. E.

### Peak Enrollment Near At E. Lake

East Lake School's summer enrichment program is about to reach its peak enrollment with 154. The program consists of soft ball, volleyball, social folk and square dances, badminton, horse shoe pitching, swimming, basketball, arts and crafts, and low organized games and activities.

The students in arts and crafts have displayed a great deal of interest since the beginning and have included such activities as stuffed toys, embroidery, coloring, simple skirts, hand-made aprons, knitting, crocheting, hair-pin lace and oil painting.

The program is designed to reach the interest of a majority of pupils in various areas and allows each to develop themselves to their maximum ability socially, mentally and physically.

The softball teams have had good success thus far. Results are as follows:

East Lake Juniors won from Lake Shore 7-4 and 3-1 and from South Bay 8-5. The girls beat Lake Shore's girls 13-2; Midgets won over South Bay 8-1 and lost to Lake Shore 14-1. The East Lake teams played Okeechobee center Tuesday.

The program is under the direction of Office Davis and Mrs. Doris Davis Harrell.

**Cards Lose First Game**

Belle Glade's Cardinals, Negro semi-pro baseball team, received their first loss of the year 12-9 at the hands of the West Riviera Tigers last Sunday as Office Davis, who came on in relief of Alphonzo Walker, took the defeat. Brown of the Tigers was the winning pitcher.

The Cards have a 13-1 record which they'll put on the line July 4 against the Ft. Myers Tigers. They'll both return from the West Coast Sunday to play at Pahokey. Walker has credit for all the Cards wins this year.

**Setbacks Handed S. B.**

Rosenwald summer recreation program at South Bay suffered a set back last week as the East Lake softball team stopped the Midgets 5-3 and the Juniors 8-6, according to Miss L. C. Blatche, director.

Okeechobee Center defeated Rosenwald's Mites 6-3 and Midgets 24-5, too.

Rosenwald played Lake Shore there July 1 and Okeechobee at South Bay today.

Miss Blatche also announced that a platter party would be held at the school cafeteria tonight.

## The Woman's Page

Donna Faye Walker, Richard C. Sands  
Vows Exchanged in Home Ceremony

The Walker home in South Bay was the setting for the marriage of Donna Faye Walker, daughter of Mr. A. O. Walker and the late Mr. Walker, to Richard C. Sands, son of Mr. and Mrs. L. K. Sands, Belle Glade, on Friday, June 25 at 8 p.m.

The double ring ceremony was performed by Dr. J. Leighton Scott, pastor of Everglades Presbyterian Church, Belle Glade, in a candlelight service with pink tapers in candelabra flanking the kneeling bench, and an arch entwined with fern and pink flowers, with bouquets of pink chrysanthemums and pink gladioli banked with palms. Bouquets of cut flowers were used about the room.

Nuptial music was played by Miss Karen Vadas and Milton Carpenter, soloist, sang, "Because" and "The Wedding Prayer."

Given in marriage by her brother, A. O. Walker, Jr., the bride was radiant in a ballerina gown of pink silk organza, fashioned with a fitted bodice, sweetheart neckline and short sleeves. The bouffant skirt featured an overdrape of deeper rose organza with a bustle bow and her headpiece was a band of velvet and seed pearls with a face veil. She carried a white lily on which was a white orchid and stephanotis.

Miss Marsha Walker was her cousin's maid of honor and wore a ballerina length gown of green chiffon with fitted bodice and bouffant skirt and she carried a nosegay of pink carnations. Dorothy Ann Shiver, niece of the bride was flower girl. She carried a white lace basket of pink rose petals and her dress was of pink organza.

Terry Sands was her brother's best man and ushers were R. N. Walker, brother of the bride and Douglas Sands, brother of the groom.
